

It's not often that **Mr. Skin** gets evangelical about anything other than nudity, but that was before meeting the righteous **Reverend Bob Levy**. The stand-up comic is a favorite of the humor circuit and a frequent guest on *The Howard Stern Show*. That's all well and good, but he's also funny-bone-breaking uproarious.

Don't take our word for it; check out his new show on Sirius Satellite Radio. It's part of the Howard 100 and features comedians in a no-holds-barred roast sure to make even the Friars blush. You can also listen to the Reverend Monday through Friday, from 3 pm to 7 pm, on the Kidd Chriss Show on WYSP in Philadelphia, where he's a writer and on-air personality. Keep up with all things Rev. Bob at his official website: www.revboblevy.com.

And what a personality that Reverend Bob is! **Mr. Skin** is used to racy talk, but this guy is beyond the pale. His blatantly honest, hee-haw hilarious, and horny responses to **Mr. Skin's** prurient queries are a bladder-busting brouhaha. From hosting the Fans of Adult Media & Entertainment Awards recently in Los Angeles to his bathroom antics with groupie sluts, the Rev. Bob gives new meaning to the term holey roller.

Are you an ordained minister?

Yes, I really am. Even though "the Reverend" was a nickname given to me, a fan had me ordained awhile back, so I can marry people, not that I would ever do that to someone, though.

If you were going to bow down and pray to something or someone, who or what would that be?

[Jenna Jameson's](#) pussy (Picture: [1](#) - [2](#) - [3](#)). Damn, that chick is fucking hot. I met her recently and wanted her to sign my hand since I've jerked off to her so many times.

You claim Howard Stern as your sole influence as a comic. But he's impacted just about everything we call pop culture today. Stern broke down the wall of rude and with it has come a flood of lowering standards. How are you keeping the world safe for lowbrow humor?

Fuck safety. If I liked being safe, I'd wear a rubber when I fuck whores. But seriously, Howard is awesome. He supports me and so many others so much. I love that guy.

You recently hosted the first-ever [Fans of Adult Media & Entertainment Awards](#) (F.A.M.E. Awards) in Los Angeles. What sort of debauchery did you witness there?

I couldn't believe how many Mexicans love porn. I thought I was at a Menudo concert. I also learned the sad fact that every fucking porn star has a husband or a boyfriend... fucking cock blockers. There was lots of tits and ass to be seen... by someone... someone else, apparently. But I had a really great time hosting it and meeting a lot of the stars out there. My co-hosts, [Tommy Gunn](#) and [Carmen Luvana](#) (Picture: [1](#) - [2](#)), were great. He's a real down-to-earth guy, and she's hotter than fuck. I also spent some time hanging out

with **Taylor Wane**, who is really funny, **Sunny Lane**, who is really cute and sweet, and a bunch of others who gave me stiffies.

You were on the Stern show with Vivid porn star [Savanna Samson](#) (Picture: 1 - 2), who has a site called [UniversityOfSavanna.com](#). So what'd you learn from that blonde schoolmarm?

I learned that I want to stick my cock deep into her ass and I would let my ex-wife watch.

Are you a fan of pornography, and if so, what type turns you on: the couple's flicks or the gonzo stuff or something kinkier?

Yes, I am a fan. I enjoy porn. I like shooting my loads on the faces of chicks. Maybe I am weird, but fuck it. If there are loads going on faces, I don't care if it's gonzo, couple's, or documentaries on pygmies.

Mr. Skin is a lover of female nudity as well, but more of the mainstream kind that we collect on the site. Do you recall the first time you saw a naked lady in a Hollywood film?

I think it was in *Jaws* (Picture: 1 - 2). And before I could get a rod, the fucking shark ate her. What a douchebag.

What is your favorite sex scene in a mainstream movie?

None, they all bore me. There are no loads on faces or ass-eating.

Now let's get down to the nitty-gritty. Who are the actresses that you'd like to slap your funny bone with, you know, your favorite sex symbols, either past or present?

[Pamela Anderson](#) (Picture: 1 - 2) before she got the Hep C. That kinda ruined the fantasy for me. Don't get me wrong--I'd still probably fuck her.

Speaking of sexy women, do stand-up comics get groupies? More specifically, let's hear some of your sexiest backstage antics.

Sure, there are whores all over the place. I fucked a chick in a bathroom stall at a club with people walking in and out. She was special.

Women claim they love a funny man, but do men love a funny woman?

No fucking way. I can't stand when a woman tries to be funny, especially when I am naked and she's laughing at me.

Who are some of the sexiest female comics working now that you'd like to have an intimate punch line with?

I haven't worked with one yet. If I did, I would fuck her. I'd let a few of the average ones suck my dick, but that's about it.

Do you have any plans to expand your comic empire from stand-up to the world of television or movies?

I'm working on a sitcom about my life right now with some producers, so we will see.

Before I let you go, is there anything you want to say to the millions of Mr. Skin fans reading this interview?

Yeah. Let's fuck some whores!
