### **Basement Bob Levy**

Rev. Bob Levy can relate to "The Break Up," the film out tomorrow in which **Jennifer Aniston** and **Vince Vaughn** break up but still live together because neither wants to give up their condo.

After eight years of marriage, the comedian and wife **Paula** divorced a year-and-a-half ago.

Levy's been living in the basement of their Westville home, which he does to be closer to his son **Domenic**, 7. When our colleague **Dan Gross** asked if he was allowed to bring women home, he said it was a no-no, adding "I don't get laid anyway, so it's OK."

Levy hosts a Sirius Satellite Radio show called "Miserable Men," every other Monday, and regularly appears on **Howard Stern's** show and 94.1 WYSP's **Kidd Chris** show. For info on his upcoming gigs: [RevBobLevy.com](http://RevBobLevy.com)
